YOUR GUIDE TO THE WORLD OF SONIC THE COMIC (STC) & SEGA. PRESENTED BY YOUR HOST, MEGADROID.

Hey Booners...

May the Free Space Spinners be with you! Here's an out of this world issue which fuses the high-speed

hedgehog with the likes of an Alien Nation Graphic Zone, and an Actual Amy Pin-up.

Even on the comic strip front, Amy has a close encounter with super-nerd Morris Wimple, who thinks he's spotted an unidentified flying object.

Also, there's an extra Sonic story, Wet Legs, which sees residents of the Emerald Hill Zone preparing effigies of Doctor Robotnik for a public bonfire.

Now, there's trouble afoot in part two of The Best of Enemies where the Dragon Empire have sent a

Sentinel after Sonic.

In part two of The Hunter and the Hunted, Super Sonic - who's still suffering from memory loss, is being stalked by the dangerous Bio-Hazard.

I will be back in two weeks time when STC goes mega-sized for £1.50. There'll be an extra seven page Sonic story called Face to Face plus a really cool Sonic cover-mounted Christmas card. See you then!

## FULL SPEED AHEAD FOR SONIC'S SATURN RELEASE

Passionate gamers across Europe are consistently spinning Sonic the Hedgehog to the top of the game charts. This month gaming's most famous character spins onto Sega Saturn with Sonic R, a sure-fire Christmas blockbuster that is a high-speed racing adventure.

Sonic R is the first Sonic title created specifically for the Saturn and takes 32-bit gaming into a new dimension. The game allows full 3D freedom of movement

and combines racing and action as characters try to reach the hidden emeralds before making a dash for the finishing line.

This exciting release contains five gameplay modes including multi-player with a split screen as gamers walk, run, float and spin to be the first past the post.

Sonic R also includes a stunning hidden level feature that has helped to make Sonic titles undisputed classics.

## KNUCKLES RETURNS

Dear Megadroid

Simon is such a favourite of mine (on c, Tika both computer games etc) that Doctor Robotnik should hate me as much. Even though I'm a hedgehog fan, I am also interested in finding out what Knuckles the echidna is doing now can you tell me?

Simon Howden,  
Leeds, Yorkshire,  
Enamel Badge Prize Winner.

You've have to wait until ST 1205 when Knuckles appears with his Oh, and I nearly

forgot he'll be back for another series after the New Year.

I'm getting worried about you. I think it's about time you sat down with a cup of cocoa and a biscuit.

I appreciate your concern Ross. My batteries definitely need recharging but cocoa would just make them rusty.

## SEEK OUT SEGAWORLD

Dear Megadroid

I think it is hard to get stuff printed in SFC but I wanted to tell you about my trip to Segaworld. My particular favourite was the Sports Arena as it's truly tops, but I would recommend the whole place to anybody as long as they've got a sense of fun!

It would be worth on the fumes around here then. Natalie's Boomer, remember that the

world's largest falisactive indoor theme park is open 364 days a year closed only on Christmas day.
